### ALL THESE ACTIVITIES ON 200M<sup>2</sup>

Laserspace Junior has been designed with our youngest clients in mind, from 4 to 16 years.

There are 4 activities and the bar and picnic areas.

# INVEST IN A PROVEN FORMULA

## MODERN DESIGN

LASER SPACE is an innovative entertainment centre for young people, with different activities and a unique style.

The LaserSpace formula includes everything you need to be successful. Give us a space painted in black with the electrics done and we'll take care of the rest.

All you need is 200m<sup>2</sup>, with a ceiling height of minimal 3m, in an area with easy access and parking.

INVESTMENT turn-key		RETURN on INVESTM.*
200m <sup>2</sup>	95.000 €	62%

\*Based on 25% bookings of maximum possible.

## REALISTIC RETURN

Before accepting a Laserspace we will conduct a feasibility study in order to ensure that our client will only need a minimum of 15% bookings of the maximum possible to reach the break even point. This way we can guarantee a high return on investment and space to grow.

Due to the exclusive layout of our centers we only need between 1 and 2 people to run a center, this helps to lower fixed costs.

## MASTER FRANCHISE

We are continuously looking for entrepreneurs interested in having exclusive distribution rights in their country and thus become our Master Franchise.

## LASERSPACE JUNIOR
